A Legislative Day Which is Like an Arctic

By Telegraph to The Times.

WASHINGTON, Oct. 23.—(By the As-

sociated Press.) The opinion is now

general among the Senators who will

discuss the question at all, that the

compromise bill over which they were

so sanguine Saturday will never be in-

troduced in the Senate. The reason

for this is stated to be that the com-

promisers have been unable to get a

sufficient number of pledges to guar-

antee the passage of the bill, and they

have said from the beginning that, un-

less they could secure a majority, they

would not introduce it.

The most authentic statement of the

number of pledges made it thirty-nine,

or four short of a majority. These

pledges are all by Democrats. In this

strait the Republicans have been ap-

pealed to to help out, but have all, re-

peat and silver men alike, refused to

join in the movement. Some of them

give positive refusals and some diplo-

matically say they must see the bill

first. The repeal Republicans refuse

because of the failure to provide for a

bond issue, and because of a provision

for the coinage of the seigniorage. The

silver men refuse because of the short

time the Sherman law is to be contin-

ued. There is a belief that the two Re-

publican factions might unite upon the

bill, and, with the aid of the Populists

and possibly a few Democrats, pass it.

The Democratic Senatorial managers

seem all at sea as to the situation.

However, they are still at work among

the members and even hope to bring

the President to their way of thinking.

In case of absolute failure the Senate

may either adjourn to December 1,

or attempt to secure a cloture. Sena-

tor Hill will doubtless press his cloture

resolution if sure of sufficient assistance.

Senator Voorhees stated this after-

noon that he would close today's ses-

sion and the end of the legislative day

by moving an adjournment till tomor-

row. It is surmised that this action

may be for the purpose of putting mat-

ters in shape for bringing up the clo-

ture question. When it became appar-

ent today that the compromise scheme

had failed, the silver men renewed their

# A DESERT RESCUE.

## Frightful Experience of Two Prospectors.

They are Rescued When Nearly Dead from Thirst.

One of Them Had Dug a Well Six Feet Deep.

The Southern Counties at the Midwinter Fair—Orange-growers Organize—A Sailor Robbed—The Curtis Jury Brubers.

By Telegraph to The Times.

SAN DIEGO, Oct. 23.—(By the Associated Press.) John Pulzer, a young miner, and Conrad Limerick, an old German, were rescued on the desert between her and Yuma on October 10, by Joseph A. Allison and T. H. Silsby of this city, after a most frightful experience in which they nearly died of thirst.

Neither of the men was used to desert traveling, and they took few of the precautions customary with old prospectors. When found, Pulzer had been without water for three days. He had dug a well six feet deep for water, but without success, and was crazed with delirium. He had lain down to die. His companion, whose strength failed some miles back, had crawled under a mesquite bush and recovered strength sufficient to be able on the next day to go back over the trail to a brackish pool, where he had remained in reach of water. The men are now at Allison's ranch, on the border of the desert, where they are fast recovering.

Mr. Allison, who has just reached San Diego, gives further particulars regarding Loretto Villa, who was recently lost on the desert. Villa had gone to the salt wells in search of water, and had there taken the saddle and bridle off his mule. The animal at once started home, with Villa in pursuit. The rescue party sent out by trail followed him for a long distance, finding the saddle at the salt wells, but twenty-five miles from there, lost the trail and was convinced, as it was only eight miles to New River, that the boy had reached the river, where, in all probability, he drank himself to death, as no further traces have been discovered of him.

There is a dense fringe of brush along the river banks, and in this, it is supposed, his body will be found, if anywhere.

### MIDWINTER FAIR.

The Seven Southern Counties Propose to Keep

SAN FRANCISCO, Oct. 23.—(By the Associated Press.) Craigie Sharp, commissioner-at-large for the Midwinter Exposition, has just returned from a tour in the southern part of the State, and reports that the counties are stimulating interest there in the coming exposition.

The first direct result of Mr. Sharp's missionary work has been the organization of the seven southernmost counties into an association, which contemplates the erection of a building of its own, and a committee representing that organization is due in San Francisco on Tuesday, and the Executive Committee of the exposition will do its best to meet the views of the joint committee in a satisfactory manner.

These views, as far as is ascertained here, are that a building shall be erected at a cost of \$25,000, and that in its hall shall be placed the exhibits of the following counties: Santa Barbara, Ventura, San Diego, San Bernardino, Los Angeles, Orange and Riverside. This joint exhibit will not necessitate the placing of exhibits in the county exhibits representing special features in the main buildings of the exposition, nor does it in any way interfere with the views of the special project in connection with the season display.

The Executive Committee has decided to furnish ground free of charge where counties desire to erect their own buildings.

### CANADA TO EXHIBIT.

CHICAGO, Oct. 23.—(By the Associated Press.) The Canadian Government has decided to exhibit at the Midwinter Fair, and has a conference with a number of delegations desiring to make exhibits at that exposition. Mr. de Young, president of the fair, has entered into a contract with Capt. Holmes, the representative of the Canadian government, for a mineral and agricultural exhibit by the Dominion.

### A LIBERTY TREE.

WASHINGTON, Oct. 23.—In compliance with the request of the California branch of the Daughters of the American Revolution, who are arranging to plant a liberty tree at the opening of the Midwinter Fair at San Francisco, the members of the local society have sent small quantities of earth from the grave of Martha Washington, and from the Washington monument, to be used in planting.

### THE OLD STORY.

Workingmen Killed While Drawing an

SAN FRANCISCO, Oct. 23.—(By the Associated Press.) Two men were killed, and another fatally injured, and a fourth painfully wounded tonight by an unexpected explosion of a blast in the quarry at Twenty-first and Church streets.

The blast had been prepared, but failed to explode and the men were ordered to draw the charge, and were working on it with a tampering iron, when the powder exploded, blowing a mass of rock was loosened by the explosion and fell, burying Charles Nolan, whose body has not yet been recovered, and killing Gus Swanson.

Mat Deasy had a leg broken and was injured internally. It is thought his wounds are fatal. Michael Keilher was painfully wounded. Foreman Dan Roane was arrested and will probably be charged with criminal negligence.

### ONLY FIFTEEN CENTS.

Found in the Pocket of a Sailor Who Dies

SAN FRANCISCO, Oct. 23.—(By the Associated Press.) The police are investigating the death of George Schroeder, a Swedish sailor who arrived in the city a few days ago on a whaler from the North.

By Telegraph to The Times.

NEW YORK, Oct. 23.—(By the Associated Press.) The first game was played at Madison Square this afternoon of English billiards with spot stroke. Roberts on the third shot made 264, chiefly by spot strokes. The game ended with Roberts's score of 591, he still playing, while De Oro made but 193, which, with 300 points conceded by Roberts, makes the final totals: Roberts, 501; De Oro, 493.

The second game was at English billiards, "spot" barred, in which Roberts conceded 300 points to De Oro. This was also won by the Englishman. Score: Roberts, 502; De Oro, 427.

### HEADING SOUTHWARD.

Two Hundred Unemployed Who Will Force

SAN FRANCISCO, Oct. 23.—(By the Associated Press.) A gang of a hundred men from the Salvation Army camp of unemployed at Seventh and Mission streets, secured free passage to Oakland, where they intend to force their way over the Sunset route. New Orleans is alleged to be the destination of many of them.

### MAKING IT GOOD.

The Bondsman of the Seattle City Treasurer

SEATTLE, Oct. 23.—(By the Associated Press.) The bondsman of Adolph Krug, the defaulting City Treasurer, together with the banks of the city, have made arrangements for returning to the city the treasury for amount of shortage, which is about \$85,000.

The Mother and "Physician" of Amelia

SAN FRANCISCO, Oct. 23.—(By the Associated Press.) Mrs. Dr. Godfrey, alias Laphame, and Mrs. Donley, alias causing the death of Amelia Donley by a criminal operation, were set at liberty today because of the lack of evidence against them.

### Granted an Extension.

SAN FRANCISCO, Oct. 23.—The creditors of Wright, Bowen & Co., a wholesale firm which was temporarily embarrassed, have granted them a year's time in which to settle their affairs. The firm is said to be solvent, and will have no difficulty in paying its debts.

### By Telegraph to The Times.

EMPORIA (Kan.), Oct. 23.—(By the Associated Press.) The employees of the Santa Fe road at Argentine last night adopted resolutions calling upon the road to pay the men at 6 o'clock today or have a strike in their hands. This afternoon General Manager Frey telegraphed a reply to the master mechanic at Argentine and directed him to read it to the men. The letter has been wired to all general and division superintendents on the system.

### The Letter is a Very Lengthy One,

and asks conciliation. It says a temporary shrinkage in receipts and the impossibility of obtaining back accommodations has made it impossible not to inconvenience some. "The treasurer," the letter says, "feels confident that the Santa Fe will be able to deliver the October checks, commencing November 20 on the Chicago division, and clearing up all by the end of the month."

### The Men at Argentine tonight

discussed the situation. Several were for going out immediately, but it was finally decided to appoint a grievance committee to go to Topeka tomorrow and talk over matters with the officials.

### A MUNCHAUSEN.

The Gory Tale of James Stone Believed to

Be False.

WASHINGTON, Oct. 23.—(By the Associated Press.) It is believed now that Stone's story regarding the murder of the Wrattan family, implicating his own beside himself, is a lie in order to pave the way toward saving his own neck. No one believes that Stone rolled on the bloody floor, but that he was covered with blood while taking an active hand in the butchery.

# FRAUD CHARGED.

## Four of the Madison Square Bank's Officials

Arrested.

NEW YORK, Oct. 23.—(By the Associated Press.) Joseph F. Blant, president; Lewis Thompson, cashier; and Ronald S. McDonald, one of the directors of the Madison Square Bank, were arrested tonight. This is the result of the recent investigation into the bank's affairs.

### Later, Adolph Kaleche, another

director, was arrested charged with fraudulent bankruptcy. The charge against the others is forgery in the third degree, in uttering a promissory note issued by the Fort Wayne Electric Light Company for \$40,896.75, by feloniously adding to the indorsement the words "Not negotiable, only in accordance with the contract on which the notes have been made."

### McDonald gave bail and was released;

the others were locked up. Warrants are out for several other officers, and Fredrick Upman, another director, was arrested tonight.

### FOSTER SUE.

The Ex-Governor Charged With Crooked

Transfers of Property.

CLEVELAND (O.), Oct. 23.—(By the Associated Press.) A leader special from Timin, O., says that a suit was begun there tonight by Mrs. Anna Hall of Fostoria, one of the creditors of ex-Gov. Foster, to enjoin the transfer of certain property, real and personal. Seventeen defendants are named, the principal ones being ex-Gov. Foster and his mother.

It alleged that the firm was insolvent two years ago, and that in October, 1888, Charles Foster decided his home and other real property to his wife, but the deeds were not recorded until the day of assignment, May 26, 1893; further, that on March 21, 1893, Charles Foster and wife decided \$110,000 worth of property to William L. Harkness, a creditor, but that the deeds were not recorded until after the assignment.

### POLICE INDICTED.

The Lynching of Thomas Smith Before the

Grand Jury.

ROANOKE (Va.), Oct. 23.—(By the Associated Press.) The grand jury, summoned to investigate the riot on September 20 and 21, made a report this afternoon. Nine indictments were found, Walter S. Boone, Edward Page and Frank S. Shepherd as principals, and Sergeant of Police A. H. Griffin and Chief of Police J. F. Terry as accessories before the fact.

They are charged with felony and the others are indicted for felony for breaking into a hardware store to get firearms. The report commends the action of the mayor for trying to uphold the laws and censures the police for ordering the negro, Thomas Smith, removed from jail, and after removal, in not taking him to a place of safety.

### SHOWING ITS TEETH.

The Austrian Reichsrath in Opposition to

the Government.

LONDON, Oct. 23.—(By Cable and Associated Press.) The Standard's correspondent at Vienna says the Reichsrath, before adjourning yesterday, showed its hostility to the government by adopting the motion of the committee which was considering the Bohemian measure.

The dissolution of the house is only a question of days and the government will probably demand that the committee, which meets tomorrow, adjourn sooner, rather than divulge its secrets in open sittings.

### A BIG HAUL.

The Idaho Exhibit at the Fair Robbed of

Mineral.

CHICAGO, Oct. 23.—(By the Associated Press.) On Sunday night the Idaho section of the Midwinter Fair building was robbed of a silver brick weighing eighty-six pounds, several hundred carats of rough opals, thirty-two carats of polished ones, two large cut rubies and seventeen rubies in the rough. The whole was valued at about \$8000, and the State is under bonds to the extent of \$2200.

### A STEAMER ASHORE.

Nine of Her Crew Land and Others Com-

paratively Safe.

ST. LOUIS, Oct. 23.—(By the Associated Press.) A special to the Republic from Richmond, Va., says that the Spanish steamer Maradona went ashore this evening south of Wallops Beach Station. The vessel is likely to be a total loss. The life-saving station, when last heard from, had taken nine persons on board, and they will land the other twenty-one safely.

### A CAREER ENDED.

The Last of the Northern Pacific Robbers

### AT HOME AGAIN.

Return of Senator White from

Washington.

### He Talks on the Silver Question and Other

Matters Before Congress—Probable

Passage of the McCrory

Chinese Bill.

United States Senator Stephen M.

White returned from Washington yesterday, having stopped over en route to take in the World's Fair. The Senator is in fine health and spirits, and, notwithstanding the hard work which he has been doing in familiarizing himself with the many details of his new position, does not show any bad effects from it. He at once went to his office on his arrival, and will be very busy during the next few days in getting his affairs into shape.

### "How long do you design remaining

in Los Angeles?" asked a Times

reporter.

"I expect to be here for a week or

ten days," replied Senator White. "I

have come for the purpose of arranging

for the removal of my family to

Washington, and to close up

some private business affairs of urgent

importance."

heard. It was a trick of the majority to choke off Dr. Wills and herself. If there had been some extravagant scheme presented, instead of this plan of allowing some ladies to conduct a cooking-school, without expense to the city, the majority would very likely have supported it. Because she or Dr. Wills favored a certain action, the others of the board would vote it down.

Ex-Councilman Rees appeared before the board and spoke in reference to the rule by which all pupils of certain ages were required to have music-books, even if they could not sing at all. Where there were three or four children in one family, they were all required to have one book each. He had been told on good authority that the music-teacher was receiving a commission on the music-books sold, and that was the reason every pupil was required to have a book. There were many people in the city who could ill afford, in these hard times, to buy unnecessary books, but many of them, rather than admit their poverty, would buy all the books required.

Mr. Patty said he wanted to know where Mr. Rees had been informed of the matter in reference to the music-teacher, of whom he had just spoken.

Mr. Rees replied that he did not feel at liberty to state the name of the one who had given him the information, but he could say that he believed the person to be a reliable authority. Mr. Patty said this case was like others in connection with board matters. There were many vague rumors about, but when it came to an investigation, it was found that the persons making statements were so doing from hearsay or from information from others, rather than from direct knowledge.

Superintendent Brown rose and said Mr. Rees had made an astounding statement. With due respect to the board, he desired to say that if this thing were to be permitted; that is, if persons were to come before the board, and make such assertions, not under oath and not proven, in fact, not even in writing, the character of every teacher in the schools might be blasted. Such complaints should be first brought to his office.

Mr. Rees asked that his children be not required to study music in the schools, but Mr. Rees argued that this request could not be consistently allowed.

Mr. Stein took exception to the remarks of Mr. Rees in reference to the hardship which the rules of the board was working on the poor people. He said the board was buying a good many books for the schools. Mr. Rees should have first complained to the School Superintendent, and if that official did not attend to the matter, then there was a chance to bring it before the board.

An adjournment was taken without acting on the matter.

#### BUSINESS EDUCATION.

Important Report to the American Bankers' Association.

The American Bankers' Association has led the way in one of the most important educational departures in this century. It is nothing less than a systematic effort to arouse public attention to the importance of providing for the more extensive and more thorough professional education of our business classes.

Impelled by the conviction that such special education, of various grades, is one of the great needs of our modern business life, the American Bankers' Association undertook to ascertain, by a careful investigation, what was being done along such lines in this country and in Europe.

Learning that the countries in Western Europe had made important educational experiments in this direction, the association determined to ascertain exactly what was being done in those countries. Prof. Edmund J. James of the Wharton School of Finance and Economy, University of Pennsylvania, was invited to visit the leading centers of commercial instruction in Europe in the interest of the association and make a report upon the scope and success of European commercial schools.

The result of this investigation has just been published by the American Bankers' Association in a volume of nearly two hundred and fifty pages, entitled "The Education of Business Men in Europe." From this it appears that France, Italy, Austria, Germany, as well as some of the smaller countries in Western Europe, have a most successful system of commercial high schools, quite distinct from anything of the sort in this country, and answering most fully the need which the American Bankers' Association is convinced exists in the United States.

Copies of this report, as well as copies of an address, entitled "A Plea for Commercial High Schools," may be obtained free of charge by any person interested in the subject, by addressing William H. Rhawn, president of the American Bankers' Association, Bank of the Republic, Philadelphia.

#### A Sketch of Shell Cameos.

In the October number of Popular Science News published in Boston, Mrs. M. Burton Williamson of this city has an entertaining sketch of shell cameos, with a brief description of the collection of Mrs. Prof. T. S. C. Lowe of Pasadena.

Mrs. Lowe's collection numbers some two hundred specimens, some of which are cut in the form of brooches, others are set pieces, and not a few are carved upon one side of the shell. Mrs. Williamson believes that no lover of shells can see this fine collection of shell cameos without feeling a sense of pleasure at the beautiful results made possible by the formation of the layers in shells. She says: "Although Prof. Lowe's large museum is a general one, including curios, as well as special collections, there is nothing in the museum more attractive to the observer than the cases containing these cameos. The busts cut upon the shells themselves are not only engraved on Strombus gigas, Cassis Madagascariensis, Cassis rufa, etc., the same as those for brooches, but other shells are utilized, among them being a tiny head carved upon the little money cowry (Cypraea moneta). This is done upon the back or upper side of the shell. Mrs. Lowe possesses two of these cameos."

WE DARE to pick it up and we propose to give the public

## The Key to the Secret!

Of the faking methods pursued by this particular firm, who publish whole-page advertisements, every word of which is deliberately written for faking purposes and to deceive the public. After throwing out a few baits, such as 10c Sox, 25c Underwear, 5c Collars, etc., they pretend to give reductions of from \$5 to \$10 on a suit of clothes, because, they claim, owing to the general depression, their buyer has purchased for "SPOT CASH" mountains of clothing at 65c on the dollar. Now let us give you

## The Key to Their Deceitfulness

There is not a merchant on this Coast that has spot cash today to buy goods. Most of them are kept pretty busy paying bills when they fall due. Our firm represents a capital as large as most any firm in this city, and we will tell you candidly that we have no "SPOT CASH" to make "SPOT CASH" purchases, but can use all our cash to better advantage by discounting past purchases, the discounts being greater now than ever before. The mountains of goods the "secret disclosers" refer to consist to a very large extent of odds and ends brought from their wholesale store, and for selling which they allow their salesmen as much as one dollar per suit as a premium for lying to the public and claiming the same to be new goods. One of their salesmen recently bragged that he made \$5 extra in one day for selling old, antique styles.

## We Nail the Lie to the Masthead

Regarding their "SPOT CASH" purchase when we tell you that every merchant must prepare months ahead to supply his trade, and therefore all choice goods are sold out first by good manufacturers. While in New York recently we met such merchants as A. Roos of Roos Bros., San Francisco; Chas. Keilus of the "Hub," San Francisco; Mr. Mann of the Hastings Clothing House of San Francisco, and Mr. Bluett of Mullen, Bluett & Co., of this city; every one of these merchants were in the market for nice, choice goods. So were we, and we found them. The gentlemen we refer to are all first-class clothiers and all enjoy the very best financial standing, and not one of them is pretending to have bought choice goods at 65 cents on the dollar. But our faking neighbor, who also had to make early purchases of fall goods, now in the very beginning of the fall season, tells you about the wonderful "SPOT CASH" purchases.

## Here is Our Challenge:

We will permit any citizen of Los Angeles to take any of our \$10, \$12, \$15 or \$20 Suits, or any price Boy's Suit, from \$2.50 up, and compare them with our neighbor's "spot cash" bargains, and if ours are not the best made and the best goods for the price, YOU CAN HAVE OURS FOR NOTHING. We make a profit on our goods and do not place \$12.50 Suits in our windows for \$12.35 and claim they are worth \$17.50.

In Santa Ana Sunday evening and Monday morning. It is known that they have been following this fake show, and it is believed that they are advancing with the hope of making a big show, and are here getting pointers for their act. It is believed that they will be wise today if they keep an eye on their valuables and give the circus a wide berth.

SANTA ANA BREVITIES.

A carload of prisoners was shipped out of this city Monday, bound for Chicago.

Miss Ada Williams returned Sunday evening from a brief visit with friends in Redlands.

Miss Fannie Chaffee of Garden Grove has returned from a visit to friends at Elgin, Ill.

Miss Gussie Ferguson of Fayetteville, Ark., visited in Santa Ana Monday, and will visit her aunt, Mrs. Charles Preston, for several weeks.

## SAN BERNARDINO.

## A Murderer Sentenced to Imprisonment for Life.

Cause of the Resignation of Rev. Mr. Hills—Incendiary Fires at Redlands—General News Notes and Personal.

U. P. McSweeney, who was recently tried and convicted of the murder of Pat O'Mara, was sentenced yesterday to life imprisonment at San Quentin by the Superior Court.

MR. HILLS'S RETIREMENT.

The statement made public to the effect that Rev. E. M. W. Hills, rector of St. John's Episcopal Church, had been asked by the vestry of the church to resign his pastorate, is misleading.

In the inference drawn to the effect that Mr. Hills's services might not be satisfactory, there is some dissatisfaction with him. While it is true that there are some in the church who do not like his liberal and progressive preaching, his lack of formality, his opposition to the methods of his predecessor, the cause for the action of the vestry was lack of funds to pay the rector.

The church cannot afford a good rector while in its present financial straits, and cannot give a call to a new rector until the salary of Mr. Hills is paid in full. It is unfortunate that Mr. Hills cannot be retained, as he is a broad and liberal man, and a valuable member of society. As he came here partly for his mother's health, and she is no more, he has decided to leave.

[CITY COUNCIL RECORD.]  
**ANOTHER CHANGE.****Maj. E. L. Stern Elected  
Police Commissioner.****W. W. Stockwell Declines to  
Accept the Position.****Expert's Report on the Street Su-  
perintendent's Office.****An Apparent Shortage of \$4000 Under Mr.  
Hutchinson, Who Asks for Time  
to Clear Up Routine  
Business.**

The City Council met yesterday morning, with all the members present. After the reading and approval of the minutes, a communication from the City Treasurer was read, asking that the additional assistant be permanently employed in his office. Referred to the Finance Committee.

The manager of the free labor bureau reported for the past week 121 applications and eighty-two positions secured. Filed.

The City Clerk reported, recommending that tax sales Nos. 208 and 974 be canceled, they both being an erroneous or double assessment. Adopted.

A communication from the Fire Commission recommended that bids be advertised for furnishing 2000 feet of fire hose. Adopted, the bids to be received in two weeks' time.

An ordinance of intention to improve Union avenue, between Pico and Fourteenth streets, was passed.

**PUBLIC WORKS.**  
The Board of Public Works' report was then read and was adopted as published, with two exceptions. The recommendation in reference to the improvement of Pennsylvania avenue, between Bailey street and St. Louis street, was changed so that the price for sidewalk should be 12 cents instead of 14 cents per foot, 12 cents being the price named in Dodd & O'Garra's bid, and was adopted in that form. The recommendation in reference to the grade of South Grand avenue, between Fourth and Fifth streets, was amended by having added to it the necessary ordinance of intention.

The Board of Public Works further reported in reference to a certain petition, recommending that the Street Superintendent be instructed to turn Pike Anderson street, between Aliso and First streets. Adopted.

The requisitions as presented by the Supply Committee, were approved.

The Finance Committee reported, recommending the canceling of a certain tax-sale certificate, as provided for by John C. Vess, and also the return of a small sum to William Wallace, paid on an erroneous assessment, as petitioned for by a gentleman, both of which recommendations were adopted.

The report further recommended, in reference to the communication from P. F. Ebert, in regard to the solvency of Sherman Smith, as bondsman for the City Auditor, that, since Mr. Ebert had withdrawn P. F. Jones, the communication be filed. Adopted.

The demands were approved as read. Councilman Strohm asked to be relieved from duty as a member of the special committee appointed to revise the plumbing ordinance, and Councilman Campbell was named to occupy that position.

**BIDS AND CONTRACTS.**  
Contract and bond with H. C. Reister, for the construction of a flume across Boyle avenue fill, were approved.

Bids were then received as follows: Cement, delivered at Inglewood: Los Angeles Lumber Company, per barrel, \$2.94; Spreckels Bros. Commercial Company, \$2.90; Charles Ellery, \$3.25. On motion of Councilman Nickell, the bid of Spreckels Bros. Commercial Company was approved.

Removing earth to grade, Main street, between Pico and Fourteenth streets: D. F. Donegan, work complete, \$190; J. P. Jones, \$200; T. A. Grant, \$179; G. T. McLain, \$219; W. G. Baldwin, \$289 per lineal foot.

Improving Burlington avenue, between First and Temple streets: D. F. Donegan, work complete, \$3850; E. T. McLain, work complete, \$4400 per lineal foot; Dodd & O'Garra, grading, \$330 per lineal foot; Robert Sherer, grading, \$227 per lineal foot, curbing, 24 cents per foot each side.

Union avenue sewer: A. A. McGee, sewer \$1144 per foot, manholes and flush tanks \$335; M. Zuretti, \$129 per foot for work complete; John Genelly, work complete, \$118 per lineal foot.

Improving the intersection of Figueroa street and Washington streets: Conrad Sherer, paving, 32 cents per square foot; cement curb, 50 cents per lineal foot; granite gutter, 234 cents; F. C. Smith, grading and paving, 314 cents per square foot; curb, 42 cents per lineal foot; granite gutters, 324 cents; A. M. Austin, work complete, \$2000.

The bids for sewer work were referred to the Sewer Committee. The other bids for street work were referred to the Board of Public Works.

**CITY ENGINEER'S REPORT.**  
The City Engineer presented the following report:

"According to instructions I have furnished the City Attorney with the description of the property to be taken for the opening of Balboa street, between Washington and Twenty-third streets." Filed.

"In the matter of the petition of Mary Dodd-Brooker and others, asking permission to remove the soil from Otter street west of Belmont avenue, I have to report that, not having any profile of said street (the grade not being established) I cannot tell whether the dirt will be needed or not. The City Engineer was, on motion, instructed to establish the grade of that street."

"In the matter of the petition of J. M. Davies, asking permission to grade Vine street, under private contract, I recommend that he be given permission to grade said street by private contract under specifications No. 6." Adopted.

"I herewith present map showing proposed Sunset Boulevard, from Douglas street to the north city boundary. I recommend that you adopt and declare said map official, so that the proper steps may be taken to open and widen said boulevard to a uniform width of 100 feet throughout its entire length." Adopted.

"In the matter of the petition of Miles Dodd and others, asking to have Belmont avenue from Temple street to Bellevue avenue graded and sewered, I find the law says that whenever the grade of a street, avenue, lane, alley, court or place shall hereafter be changed, the petition of the owners of a majority of the feet fronting thereon asking for grading the same to the new grade shall be a condition precedent to the ordering of such grading to be done." I find the said petition does not represent a majority of the frontage on said avenue, between Otter street and Bellevue avenue, the portion of said avenue upon which a change of grade was made. Referred to the Board of Public Works.

"Ordinance of intention to grade gravel and construct a cement curb and cement sidewalk on Starr street, between Pico and Fourteenth streets." Adopted.

"Ordinance of intention to establish the grade of Broad street, between Sheridan and Brooklyn avenues." Passed.

"Ordinance of intention to establish the grade of Folsom street, between Soto and Cornwall streets." Passed.

"Ordinance of intention to establish the grade of Byron street, from Tenth street to its southern terminus." Passed.

"Fin ordinance changing and establishing the grade of the south half of the intersection of Pennsylvania and Michigan avenues." Adopted.

The Finance Committee was referred to the Finance Committee.

"I hereby withdraw all charges presented by me reflecting on the solvency of Sherman Smith." P. F. EBERT.

**MOTIONS.**  
Councilman Pessell moved that the Street Superintendent be directed to repair the bridge crossing the zanja on Pico street, between San Pedro street and Maple avenue. Adopted.

Councilman Pessell moved that the Street Superintendent be directed to repair the bad chuck-holes on Central avenue, between Washington street and Adams street, with soil. Adopted.

Councilman Munson moved that the Board of Public Works be instructed to examine the pavement on Main and Spring streets, and report the repairs necessary. Adopted.

Wesley Clark appeared before the Council, and his committee requested permission to pipe the zanja on San Pedro street, at Eighth street, the same to be done under the direction of the Water Overseer and Zanja Committee.

President Teed, who was now on the floor, moved that specifications No. 5 be so amended that in the placing of gravel upon the street, whether top or lower layer, no stone be allowed on the street larger than a two-inch cube. Adopted.

The Council then took a recess till 2 o'clock.

**Afternoon Session.**  
Upon reassembling Councilman Campbell moved that the City Water Company be instructed to place a fire hydrant at St. Louis street and Brooklyn street, between Pico and St. Louis streets. Adopted.

Councilman Nickell moved that the Street Superintendent be directed to close up the storm water drain on Mozart street, between Lyell and Chestnut streets, so that the water will not flood private property along Mozart street south of Chestnut street. Adopted.

Councilman Nickell moved that the Street Superintendent be directed to cut down the banks on Darwin avenue where it crosses Lyell street, so as to conform with the new grade of Lyell street, in such a manner that teams can cross. Adopted.

Councilman Gaffey moved that all trimming and removing of shade trees in the city be done under the supervision of the park commissioners, and that all complaints concerning shade trees be referred to that body. This motion was adopted, and the City Attorney was instructed to present an ordinance in accordance therewith.

Councilman Campbell moved that the matter of the proposal for the purchase of the City Water Company's plant be taken from committee of the whole. Adopted.

Councilman Munson then moved that the proposal for the sale of the plant for \$2,300,000 be rejected, which motion was, after a brief discussion, carried.

Councilmen Gaffey and Rhodes favored the holding of a special meeting of the Council for the purpose of further discussion.

Councilman Nickell moved that the Water Supply Committee be empowered to make such an offer to Messrs. Peirce and Shaffer for the purchase of the plant of the City Water Company, as they may deem proper, and that the committee be authorized to make such a fair price.

Councilman Munson (the chairman of the committee) moved as an amendment that the committee report to the Council such price as was considered a fair price. The amendment was adopted, and the motion as amended was carried.

Councilman Gaffey said he thought it was about time for a report to be presented in reference to whether the city should or should not employ night additional policemen. It was time the matter was decided in one way or another. No action was taken on the question, however.

**POLICE COMMISSIONERSHIP.**  
The following communication was read:

"Permit me to thank you for the appointment made at your last regular session as a member of the Board of Police Commissioners, and accept this as my declaration of said office."

On motion, the Council proceeded to elect a police commissioner, and Councilman Nickell was called to the floor.

The President Teed nominated Maj. E. L. Stern and Councilman Innes placed in nomination the name of D. F. Donegan, which nomination was seconded by Councilman Munson.

Councilman Rhodes nominated Charles E. Day. A vote was then taken and all the members voted for Stern except Councilman Innes, who voted for Donegan. He, however, changed his vote to Stern, making nine votes for that gentleman.

On motion, Maj. Stern was declared elected, and the clerk was instructed to notify him accordingly.

President Teed made a brief speech, in which he said that in supporting the candidate who had been elected he had had nothing against Mr. Donegan, who would, he knew, fill the office most satisfactorily if he were foolish enough to accept it.

Mr. Donegan, who was present, said he felt very grateful for the honor, but was doing too well in the contracting business to think of occupying his time at anything else.

**ANOTHER STREET RAILWAY FRANCHISE.**  
A communication from W. H. Workman and T. D. Hoskins was asked for a street railway franchise to be granted for a period of fifty years over and along the following streets: From First and Cummings streets to Sixth, to Boyle avenue, to Stephenson avenue, and minor power to be used to propel the cars upon said railway to be horses or mules, electricity or cable or electro-vapor motors. Referred to the Board of Public Works.

Councilman Strohm moved that the Water Overseer be instructed to cover the cement manhole of the zanja on Wolfhill avenue near Third street, and also on Pearl street near Twelfth street. Adopted.

**SUPERINTENDENT'S OFFICE.**  
The following committee report was then presented:

"We, your special committee to whom was referred the matter of examining the books of the ex-Street Superintendent, there being but little data in the office, and an almost total lack of method in the manner in which the books were kept."

"He has made a detailed statement to this committee, a copy of which is hereto attached, showing an apparent shortage of \$4005.35. The ex-Street Superintendent, Hutchinson, asks one or two weeks' time in which to examine the books to see if he can explain the apparent shortage. We recommend he be granted the time asked for, and at the end of said time, if he cannot make satisfactory explanation, then that the City Attorney be instructed to proceed to collect the deficiency."

"We would also recommend that the Street Superintendent be allowed an extra bookkeeper to post up the back work of the office, to be employed during the pleasure of the Council, at \$25 per month." Adopted.

The report of the expert, in reference to Mr. Hutchinson's books, stated that he had gone over the business transacted in the office of the Street Superintendent from January 1, 1891, to January 1, 1893, continuing, it says as to find that during the time mentioned there were no books kept in the office other than a cash book and ledger of the street-deposit funds paid in for permits. These books check up correctly, except two permits, for which the money was not turned over to Mr. Watson, and which have since been paid by him."

These permits, amounting to \$10, are given. The report further states: "There appears to have been some cash in the safe, representing street incidentals, the amount of which it is impossible to state correctly, as there was no receipt given by Mr. Hutchinson for the same."

After giving some further data, the report goes on: "I also find that in many instances the amount requested by the city for printing street notices, which should have been included in the warrant, never was so charged by Mr. Hutchinson and his brother as to whether they were collected from the contractor or not. I attach a statement showing the street on which the work was done, the amount cannot be stated, owing to the way the bills have been rendered and demands made out."

"I have carefully checked the stub receipt books of the City Treasurer, and find there was no money deposited for street incidentals for the year 1892, except two items of \$25.25 and \$7.50."

"It may be that the explanation can be made that will reduce the shortage shown by the report, but owing to the chaotic state in which the office has been kept heretofore, it would not be surprising."

A detailed report is given, showing the various items of cash received in the office, the amount cannot be stated, owing to the way the bills have been rendered and demands made out."

"I have carefully checked the stub receipt books of the City Treasurer, and find there was no money deposited for street incidentals for the year 1892, except two items of \$25.25 and \$7.50."

"It may be that the explanation can be made that will reduce the shortage shown by the report, but owing to the chaotic state in which the office has been kept heretofore, it would not be surprising."

A detailed report is given, showing the various items of cash received in the office, the amount cannot be stated, owing to the way the bills have been rendered and demands made out."

to the ways of her household." Yes, Solomon is right; that's what the good housekeeper everywhere does.

But her ways are not always old ways. In fact she has discarded many unsatisfactory old ways. For instance, to-day she is using

the New Shortening, instead of lard. And this is in itself a reason why "she looketh well" in another sense, for she eats no lard to cause poor digestion and a worse complexion.

CORTOLENE is much better than lard for all cooking purposes, as every one who has tried it declares. Have you tried it?
